

Why Don't You Read The Book

Nazareth

Don't talk to the pilot when he's flyin'
Don't smile at the soldier, he's on parade
Don't come creeping 'round, you'll catch me cryin'
No more talkin' 'bout it, it's all been said
You've drawn such a fine line baby
Learnin' all the rules
Why don't you read between them sometimes
You won't look such a fool
Why don't you read the book
Why don't you read the book
Why don't you read the book
Why don't you read the book
Why show all your aces to the gambler
If he calls your hand, you're gonna lose
Don't trust first impressions of a stranger
Private informations, just tellin' tales
You've draw such a fine line baby
Learnin' all the rules
Why don't you read between them sometimes
You won't look such a fool
Why don't you read the book
Why don't you read the book
Why don't you read the book
Why don't you read the book
You've draw such a fine line baby
Learnin' all the rules
Why don't you read between them sometimes
You won't look such a fool
Why don't you read the book
Why don't you read the book
Why don't you read the book
Why don't you read the book
