What's It All About?

Corrected Visionaries

The wisest man in this brutal land
Stumbles but he doesn't fall
On his dying day, he'll be heard to say
"I've learned nothing at all"Oh, we're cutting through the forests
And we're clearing all the trees
But the shadows seem to linger
And they bring us to our kneesWhat's it all about? (It's a mystery)
What's it all about? (It's eternity)
We keep on groping, but I have no doubt
We'll never know, for sure, what it's all aboutThe average life is a two edged knife
Fortunes can change with the seasons
Dreams come true, yeah, and nightmares too
All with no rational reasonsWe're caught up in our races
Trying to run before we walk
And we say we have the answers
But that's only idle talkWhat's it all about? (It's a mystery)
What's it all about? (It's eternity)
We keep on groping, but I have no doubt
We'll never know, for sure, what it's all aboutIt's the sight you almost see
It's the sound you almost hear
It's all the things you want to be
And it's all the things you fearWhat's it all about? (It's a mystery)
What's it all about? (It's eternity)
We keep on groping, but I have no doubt
We'll never know, for sure, what it's all about
