Animal

Andrew Ripp

I've been no stranger to these fences
Fear is a monster
It's so relentless
Keep having dreams about breaking walls down
I see them crawlin'
The sky is endlessI took my troubles to the river-side
I drank the water and I came aliveMy heart is beating like an animal
Oh, nothing is impossible
I've never going back again
I'm never giving up
Load up the guns
I'm gonna run like an animalWide open spaces
No limitations
It's like a first kiss
I'm made for running with the horses
Don't try to stop me
You know it's pointlessI took my troubles to the river-side
I drank the water and I came aliveMy heart is beating like an animal
Oh, nothing is impossible
I've never going back again
I'm never giving up
Load up the guns
I'm gonna run like an animalStronger than I've ever been before
But there is so much more
Inside of me my lungs are filling up
Must be something in the air I breathe
That puts the fire in me
I cannot get enough
OooohMy heart is beating like an animal
Oh, nothing is impossible
I've never going back again
I'm never giving up
I'm never going back again
I'm never giving up
I'm never going back again
I'm never giving up
Load up the guns
I'm gonna run like an animal
