

Can't Get This Stuff No More

Van Halen

Got me a date with a supermodel
I know, I know I think it's funky
Dinner at the hotel, champagne bottle
Steak and potatoes are better in a bucket
Tell me what is there for pretendin'
Not to know, and who needs proof
I don't need so much to remember
No, no. That's how it is when you tell The truth (ow!)
How many times can somebody lie Till patience runs off course
Keep that in mind when we say goodbye, 'Cause you can't get this stuff no more
That's the thing about self improvement
Don't get me wrong, I plan on gettin' some soon
Outside the wire, somethin's movin'
One point down, now I can see the moon
I'm slicing the time, like a pizza pie
Ya serve up the truth, don't want it anymore
Keep that in mind when we say goodbye
'Cause you can't get this stuff no more(Whoo!) How many times can somebody lie
Till patience runs off course
Keep that in mind when we say goodbye
Cause you can't get this stuff no more
So many times
You can't get this stuff no more
You better keep that in mind
When we say our goodbyes
Cause you can't get this stuff no moreAhh-hot Not this stuff, baby
