Operator (a Girl Like Me)

Shiloh

The TV says I'm not the girl that I should be
It drives me crazy
I'm not impressed, it isn't what I want to be
So call me lazyOperator, operator
Don't call me, I'll call you later
Operator, operator
I'm just fine, I'll call you laterWhy would I wanna be anybody else but me?
I'm never gonna fake it
Why would I ever be anybody else but me?
I know I'm gonna make itWithout a doubt I know what I'm about
I'm everything I'll ever wanna be
A girl like me, a girl like meThe magazines are messing with reality
It's entertaining
As long as we don't ever take it seriously
We'll keep on laughingOperator, operator
Don't call me, I'll call you later
Operator, operator
I'm just fine, I'll call you laterWhy would I wanna be anybody else but me?
I'm never gonna fake it
Why would I ever be anybody else but me?
I know I'm gonna make itWithout a doubt I know what I'm about
I'm everything I'll ever wanna be
A girl like meI don't wanna lose control
I don't wanna sell my soul
I don't wanna be no jazztic, spastic
Superficial plastic cloneOperator, operator
Don't call me, I'll call you later
Operator, operator
I'm just fine, I'll call you laterWhy would I wanna be anybody else but me?
I'm never gonna fake it
Why would I ever be anybody else but me?
I know I'm gonna make itWhy would I wanna be just another wannabe?
I'm never gonna be, never ever gonna be
Without a doubt I know what I'm about
I'm everything I'll ever wanna be
A girl like me, a girl like me
A girl like me, a girl like me, a girl like me
