

Mountain Time (2012 Remaster)

Gentle Giant

Mountain time, mountain date. Hope to be there, before it's late
I need to see you, looking fine. Gotta be there, mountain time
Mountain time, mountain date. Hope to be there, before it's late
Last night I had to tell you, made up my mind I
need to see you
Got on the road to ride
I thought all of it over, now I have to be at your side
Somewhere, be there
So hard seeing it your way. I'm glad,
what more can I say
This lane taking me back today
