Beast

Juels

My youth is wasted, I'm evasive and vague
I'm a headless beast, I'm a subtle plague
I'm a cheatin' liar, I am naked terror
I hurt, I wound, I'm a fatal error
I don't make sense, I got my pride
Don't need no meaning, I feel no shame
I will not believe, I got no choice
I'm out of control and I love it
I'm a non-believer, I refuse and resist
I don't play no more, I'm a terrorist
I'm a radical pig, I exploit and abuse
I am total chaos, strange and abstruse
I'm a cheatin' liar, I am naked terror
I hurt, I wound, I'm a fatal error
I don't make sense, I got my pride
Don't need no meaning, I feel no shame
I will not believe, I got no choice
I'm out of control and I love it
I don't make sense, I got my pride
Don't need no meaning, I feel no shame
I will not believe, I got no choice
I'm out of control and the kids just love it
I'm a man who's sick but I got class
'Coz you only get respect when you're kickin' ass
I don't make sense but I got my pride
I need no meaning, I feel no shame
I will not believe that I got no choice
I'm out of control but I love it
I don't make sense, I got my pride
Don't need no meaning, I feel no shame
I will not believe, I got no choice
I'm out of control and the kids just love it
Non-compliance, non-aggressive
Non-contagious, non-involvement
Non-productive, non-religious
Non-resistant, non-subjective
I don't make sense
Don't need no meaning
I don't make sense

Don't need no meaning
I will not believe
I will not believe
I will not believe
I will not believe
I will not believe
I will not believe
