Lightning Strikes Twice

Saint Etienne

Crazy superstitions on my mind
Could they help me get you back for good?
Such a striking combination's gone away
Could I save it if I knock on wood?Did I have a chance and fail to keep it?
Lose my dream and let it slip away?
Will my destiny remain a secret?
Well, that's okayEveryone should have a reason to believe
So I still believe
That lightning could strike twice for meEvery time I find a feeling's gonna be
Suddenly I see
That lightning could strike twice for meSitting down to read the stars again
Maybe they can tell me what's in store
Now I'm mixing up a magic potion
That's gonna get you banging on my doorDid I have a chance and fail to keep it?
Lose my dream and let it slip away?
Will my destiny remain a secret?
Well, that's okayEveryone should have a reason to believe
So I still believe
That lightning could strike twice for meEvery time I find a feeling's gonna be
Suddenly I see
That lightning could strike twice for meAnd I'm working on a silent song
Oh, baby, oh, baby
Got a feeling that it won't be long
Oh, baby, oh, baby
Well, don't you know that?Everyone should have a reason to believe
So I still believe
That lightning could strike twice for meEvery time I find the feeling's gonna be
Suddenly I see
That lightning can strike twice for me
