

# Shout It Out

## Holly Denton

da da dadada da da dadada dadada da da dadada da  
you flip your hair to the side like a cruisn' limo  
we may be losers but we ain't tools  
you strut your stuff like your so untouchable  
if that's in then I'm glad I'm not cool

cause i landed on this planet with a head full of mystery  
I'm so deranged you won't believe  
im glad I'm individual i hope i never end up like you  
were proud to wizards and victors and dorks  
we talk our own talk and we walk our own walk

we're gonna shout shout it out to the end of time  
we're gonna just be me your a waste of time  
we're gonna live it up cause we got all night to  
cause I'm all me tonight yeah yeah yeah  
shout shout it out cause I'm all me tonight

da da dadada da da dadada dadada da da dadada da  
you're a detox botox instant show off you  
think your fine honey you must be blind  
we'd rather party in our onsies and we have our own funsie  
and we haven't got tim for you material line

cause we landed on this planet with a head full of mystery  
I'm so deranged you won't believe  
im glad I'm individual i hope i never end up like you  
were proud to witches and doctors and dorks  
we talk our own talk and we walk our own walk

we're gonna shout shout it out to the end of time  
we're gonna just be me your a waste of time  
we're gonna live it up cause we got all night to  
cause I'm all me tonight yeah yeah yeah  
shout shout it out cause I'm all me tonight  
we're gonna shout shout it out to the end of time  
we're gonna just be me your a waste of time  
we're gonna live it up cause we got all night to  
cause I'm all me tonight yeah yeah yeah

shout shout it out cause I'm all me tonight

we've come so far  
its who we are  
right from the start  
nothing to lose  
nothing to prove  
theres nothing like you
