

A Little Bit

Trea Landon

We ain't first, but we ain't last
We ain't low, or high class, or somewhere in the middle.
We're broke, but we ain't bad
Just some poor old boys tryin' to make a little cash.
Tryin' to make it last through the weekend
I've been bustin' my ass for A little bit of smoke, a little bit of drank
A little bitty wink from a pretty little thing
A little bit of good time, a little bit of sunshine
Oh my, a little bit of money in the bank
A little laughin', a little lovin', a little supper in the oven, And a little bit of gas in my tank
Go with what we've got, take what we get
Don't need a lot of a lot, just a lot of a little bit
Well, it ain't easy. Some times it's hard.
But we get by like we ought
'Cause we're all here, but we ain't all there
But we're all right, and it's all right to have A little bit of smoke, a little bit of drank
A little bitty wink from a pretty little thing
A little bit of good time, a little bit of sunshine
Oh my, a little bit of money in the bank
A little laughin', a little lovin', a little supper in the oven, And a little bit of gas in my tank
Go with what we've got, take what we get
Don't need a lot of a lot, just a lot of a little bit Yeah, a lot of a little bit There's a lot we've been given from a
simple kind of livin' right
Just front porch sittin' with my old dog Saturday night Hey
With a little bit of smoke, a little bit of drank
A little bitty wink from a pretty little thing
A little bit of good time, a little bit of sunshine
Oh my, a little bit of money in the bank A little bit of smoke, a little bit of drank
A little bitty wink from a pretty little thing
A little bit of good time, a little bit of sunshine
Oh my, a little bit of money in the bank
A little laughin', a little lovin', a little supper in the oven, And a little bit of gas in my tank
Go with what we've got, take what we get
Don't need a lot of a lot, just a lot of a little bit Oh yeah
A lot of a little bit We don't need a lot of a lot, just a lot of a little bit
