Easy Way Out

Plain White T's

Some people look at themselves with such doubts
Some people just take the easy way out
But I don't want toSome people don't care what's wrong or right
Some people just wanna walk through life
Some people just try to follow the crowd
But I don't want toThey'll never know what life is about
So don't be like, don't be like them
Don't take the easy way out
Don't take the easy way out
Oh no, don't take the easy waySome people look at the world with such doubts
(Don't take the easy way)
Some people just take the easy way out
But I don't want toSome people don't try to be themselves
Some people wanna be somebody else
Some people don't mind keepin' their voice down
But I don't want toThey'll never know what life is about
So don't be like, don't be like them
Don't take the easy way out
Don't take the easy way out
Oh no, don't take the easy way outDon't take the easy way out
Oh no, don't take the easy wayIf you've got a point to make, make it
If you've got something to say, say it
It's your life so whatever you do
Don't fake it, don't fake it, noThey'll never know what life is about
So don't be like, don't be like them
No, don't be like themThey'll wait till someone figures it out
So don't be like, don't be like them
Don't take the easy way out
Don't take the easy way out
Oh no, don't take the easy way outDon't take the easy way out
Oh no, don't take the easy way out
Don't take the easy way out
Oh no, don't take the easy way out
Don't take the easy way out
Oh no, don't take the easy way
