## Lost in the Trees

Brittle little bird  
Spread your dark and golden wings  
Unstitch all my books  
When did I stop learning? Such a powerful song  
I heard you weep it through the walls  
As scarlet fever grows  
So do the golden hands of god Color for my eyes A beautiful garden blooms  
My dearest one  
Your love carried me through today  
I'll give you the moon  
Dearest one  
Your love carried me through today Am I going to have twins?  
I can feel them kicking  
Don't leave the water too soon
