It's Over

Hawk Nelson

It's over, it's over
12 days later and I can't start over
I left her, she hates me
We've been friends since 1990
Don't tell me it's overI need you more than the sun
She's telling me that we're done
I can't believe that it's overI need you more than the sun
She's telling me that we're done
I can't believe that it's over
I should've known all alongIt's over, it's over
3 months later but I can't console her
I'm run down, I'm clinging
Left a message but her phone's not ringingIt's over, so over
The sun is shining, but my heart is sober
Pretending I'm alright
Sleep all day cause I stay up all night
Don't tell me it's overI need you more than the sun
She's telling me that we're done
I can't believe that it's overI need you more than the sun
She's telling me that we're done
I can't believe that it's over
I should've known all along
I should've known all alongI need you more than the sun
I need you more than the sun
I need you more than the sunI need you more than the sun
I need you more than the sun
You're telling me that we're done
(I can't believe that it's over)
You're telling me that we're done
It's over, it's over, it's over
It's over, it's over, we're doneI need you more than I thought
This past week I learned a lot
And now you tell me it's over
