Down in Flames

Judas Priest

My last days
We shall see
They are coming now
They're after me
They want blood
Yes it's true
Going quietly I just don't doGoing down in flames
Going down in a blaze of glory
Going down in flames
Going down in a blaze of gloryIn my heart (in my heart)
I can say (I can say)
I'll be ready for what comes my way
Don't be fooled (don't be fooled)
I can tell (I can tell)
Where I'm going to will serve me wellGoing down in flames
Going down in a blaze of glory
Going down in flames
Going down in a blaze of gloryLeaving my mark on the world when I've gone
Spreading the word by the deeds that I've doneGoing down in flames
Going down in a blaze of glory
Going down in flames
Going down in a blaze of gloryGoing down in flames
Going down in a blaze of glory
Going down in flames
Going down in a blaze of glory
