Makin' Out

Pomplamoose

I'll be the one who brings you coffee when you can't get up
I'll be the one who turns the light out when you go to sleep
I'll be the one who turns your stomach into something else and you say
Shut up, shut up, every time I say

I'll be the one who takes your coat off, one to take the blame
I'll be the one you call your lover, every now and then
You'll be the one who keeps me sober, one to keep me sane and you say
Shut up, shut up, every time I say it

And I'd cut my fingers to the bone,
And I'd split my sides in for you

Tonight, we throw ourselves away
And we make it every time
When I thought I was okay
You said I was alright
As the night comes crashing down
We catch ourselves a line
Yeah we're only makin' out
If we make it out alright

I'll be the one who stands beside you in the photograph
I'll be the one that's in your water when you want me there
I'll be the one you're falling over every time you

laugh and you say
Shut up, shut up, every time I say

I'll be the one who keeps you guessing, who swears a lot
I'll be the one that let your colour in the white wash
You'll be the one that knocks the man out I was beating up and you say
Shut up, shut up, every time I say it

And you cut my face, I told you so
I'd tear my eyes out for you

Tonight, we throw ourselves away
And we make it every time
When I thought I was okay

You said I was alright
As the night comes crashing down
We catch ourselves a line
Yeah we're only makin' out
If we make it out alright

And I'd cut my fingers to the bone,
And I'd split my sides in for you

Tonight, we throw ourselves away
And we make it every time
When I thought I was okay
You said I was alright
As the night comes crashing down
We catch ourselves a line
Yeah we're only makin' out
If we make it out all right
