

# Your Fault

[Jeremy McComb](#)

If your friends think I look like a fool, it's your fault.  
If I stumble and stutter when you walk in a room, it's your fault.  
If your momma thinks I'm crazy and your daddy loves to hate me cause his little girl is crazy over me. It's your  
fault,  
I didn't have a chance at all the way you twist me round  
and pull me down I couldn't 'help but fall.  
It's your fault the way your lovin' gets me stupid  
The way I'm actin baby you can just take credit for it all  
It's your fault. If I can't sleep in my own bed without you, it's your fault.  
If the thoughts I'm thinking all day long about ya, it's your fault.  
and if I go out this weekend blow out 6 months worth of drinkin' money on some little bitty diamond ring. It's  
your fault,  
I didn't have a chance at all the way you twist me round  
and pull me down I couldn't 'help but fall.  
It's your fault the way your lovin' gets me stupid  
The way I'm actin baby you can just take credit for it all  
It's your fault. It's your fault, it's your fault mmmmm  
It's your fault the way your lovin' gets me stupid  
The way I'm actin baby you can just take credit for it all  
It's your fault. If your friends think I look like a fool, it's your fault.  
I stumble and stutter when you walk in a room, it's your fault. Your momma thinks I'm crazy and your daddy  
loves to hate me. It's your fault.
