

Something in the Water

Terri Clark

Somebody's restless
She feels second best
And the girl across town
Is thinkin' about a permanent change
And the lady livin' next door
Won't take it anymore
There's a whole lotta love gone wrong
Goin' 'round these days
Must be somethin' in the water
Somethin' in the air
'Cause every girl I talk to
Is goin' through the same thing
I'm goin' through here
Must be somethin' in the teardrops
They've been fallin' too long
Must be somethin' in the water
Makin' me wanna move on
I understand the heartache
It leaves such a bitter taste
Makes you go crazy
Thirsty for somethin' else
The way that it used to be
Now ain't enough for me
'Cause the love I ain't gettin'
Is like drinkin' from a dry well
Must be somethin' in the water
Somethin' in the air
'Cause every girl I talk to
Is goin' through the same thing
I'm goin' through here
Must be somethin' in the teardrops
They've been fallin' too long
Must be somethin' in the water
Makin' me wanna move on
Must be somethin' in the water
Somethin' in the air
'Cause every girl I talk to
Is goin' through the same thing
I'm goin' through here
Must be somethin' in the teardrops
They've been fallin' too long
Must be somethin' in the water
Makin' me wanna move on
