

Perfect (Featuring Charlie Wilson)

Snoop Dogg

[Snoop Dogg]

Beautiful, perfect, flawless, debonair[Chorus: Charlie Wilson]

Where'd you get that silky skin?

And the colors those eyes come in?

Does the light come from within?

God made you, did he make the grin?

Wings are under all your clothes

You worth more than your weight in gold

Where did God put down your mole

Or were you only made for show?

Girl you're perfect, when God made you

I wonder if he kept the mold, or are you just for show?

Girl you're perfect, when I see you

It takes my mind to cloud nine, girl you're so fine, yeah - hey[Snoop Dogg]

Lovable, and yeah you're pursuable

Everything is beautiful, even down to your cuticles

It ain't about me, it's all about you

You make me do what you want me to

Yeah, it's just like that

Here go my number baby girl why don't you get right back

You're a, perfect dime, I'm working mine

Just the thought of me and you I mean it's blowing my mind

Can't explain it doe, but if I'm with you

I can't remain a ho, or stay in the flow

It's a shame to know, I maintain the flow

Baby girl me and you is unexplainable

Mm, yeah, we need to get into acting

Can't you see this is a natural attraction

A lot of maxing and relaxing

See'mon baby girl, give a player some action, I'm asking[Chorus][Snoop Dogg]

If you would, if I could

You make the bad boy in me go good

Tell a lie? No I tell the truth

Baby boo on the real you know you hundred proof

Mm, I can't even believe that

You living the single life, damn I need that

I hate to see a queen without a king

If I had you I'd get you everything

Coast to coast, L.A. to Chicago

See my baby go wherever I go
Costa Rica, Obregato
If I get you I hit the lotto
Loco shopping, get what you want to
Sky's the limit, so go on and spend it
I said it cause I meant it
So go and give me your love and get in it to win it
Hit it[Chorus][Snoop Dogg]
Mm, I know you dig my rapping
I see you smiling so I might get some action
Yeah, so let's get it cracking
It won't be no +Rerun+, "Hey, hey, hey, what's happenin'?"
It won't be no type of scrapping
Me and you, this is everlasting
I hate to sound sarcastic
But we'll make a classic, it'll be fantastic
We need to get into acting
Can't you see this is a natural attraction
A lot of maxing and relaxing
See'mon baby girl give a player some action, I'm askin[Chorus][Snoop Dogg (Charlie Wilson)]
Mm, the perfect girl, living in the perfect world
Like I said, I hate to see a queen without a king
I'm available, let's make it happen
Yeah, the dime or the dub, how you love that?
Ha ha ha
Yeah, 'Beautiful Part 2' thought you knew
