Men of respect, blessed with wisdom of the ancients  
My words are blatant, lacerate necks for statements  
I launch like lead projectiles, straight out the basement  
I suplex your rep, left ruined like the Aztecs  
Parasites, double edge dice your larynx  
My hip-hop, is quarantined locked inside the detox  
Under keep lock, it's like b-block and E-Glocks  
You're ill, your trail end thoughts are frail  
I strike the cypher, and let one survive to tell the tale  
Of my state of grace, I raise the stakes on snakes  
Knock em off like the big eights for takin up space  
Never did fear em, stick em with the truth serum  
Who sent em, arrest em before my charge is ended

Designated hitter flows split the transistor  
 Kinetic globes light when it shine, burns your retina  
 Urban journal, plus eternal broadcaster  
 Before and after, I be Self Lord And Master I be the Ironside, get touched, with the chloride  
 Take walk with the Nine Finger bandits worldwide  
 Shaolin hillside, full of homicides  
 Fuck you dissatisfied the double dyed black brown I advise Yo, box talk sequence, powerhouse kick out  
 Eyes dusty, wet, butt-naked with my dick out

 It sound farfetched, mountain men that be rich  
 You get buckshot, dumb be clapped, mummy wrapped and stitched  
 The Jeffrey Dahmer Notre Damer sing the song the strongest  
 Brute force bullethole straight through your chorus  
 Shank you with the think tank, harmony cake cut  
 A can of ass whoopin' flurry shake, break you fucks  
 Struck, love crooks, why for lyin' hooks  
 Chef cocaine cook, a marvelous book  
 This death bent doctrine, paper for the youth  
 What remains, a saber-toothed tiger in the booth Last night, I took a trip down to Crown Heights  
 Fast life, females are trife, stay tight  
 I detect that parasite, satellite  
 RZA beat makes me wanna fight get hyped, come to do shows  
 My slang sound write secretary type  
 Backflip on the mic, I'm the poor black man  
 Workin' hard for the grand, I understand clear  
 Don't fear, peep my new gear it's different from yours  
 My style drop like jaws, you see me on tours  
 Don't you wait to say peace, the kid from the street  
 Put my technology on the track, just then the core attack  
 Wu article CappaFive, CD attack  
 But my talk stage live killa beehive
