

# Set the World Afire (Paul Lani Mix)

## Megadeth

Red flash clouds choking out the morning sky  
They said it'd never come, we knew it was a lie  
All forms of life die now, the humans all succumb  
Time to kiss your ass goodbye, the end has just begun  
Distorted figures walk the street, it's 1999  
Weeds once underneath your feet have grown into vines  
Bodies melted like a candle, a land without a face  
No time to change your fate, no time left, it's too late  
The arsenal of Megadeth can't be rid they said  
And if it comes, the living will envy the dead  
Racing for power, and all come in last  
No winning first stone cast  
This falsehood worldly peace  
It's treaties will soon cease  
No one will be left to prove that humans existed  
Maybe soon the children will be born open fisted  
We all live on one planet it will all go up in smoke  
Too bad they couldn't see  
This lethal energy  
And now the final scene  
A global darkening  
Dig deep, the piles of rubble and ruins  
Towering overhead both far and wide  
There's unknown tools of World War III  
Einstein said, "We'll use rocks on the other side"  
No survivors  
Set the world afire  
No survivors  
Set the world afire
