Thank You Baby

Delbert McClinton

Heart to heart talks and moonlight walks
Receiving money by mail
A fireplace with a view and being here with you
Honey, sure beats laying in that Fort Worth jailI'm so glad I found me 'cause with your love to surround me
I got a handle on a better point of view
And I wanna thank you, baby
And my mama wants to thank you too, alrightSome things I can't mention than keep my attention
I love the way you move
It makes me wanna grin and then give in
To anything you want me toIf I died in the morning it'll be alright
I ain't never gonna feel good again as I feel tonight
And I wanna thank you, baby
And my mama wants to thank you too, alright, here we goI've been wearin' it out before layin' it down
That's the way I been livin' too long
I just can't believe the change in me
Baby, since you came alongI got no time for dyin' 'cause I just been born
And, baby, I swear it's true
I wanna thank you, baby
And my mama wants to thank you, tooYeah, I wanna thank you, baby
And my mama wants to thank you too
Alright, let's do it one more timeI wanna thank you, baby
And my mama wants to thank you, too
Yeah, I wanna thank you, baby
And my mama wants to thank you too
