[Verse 1]
Find me flyin high, to different world
I am more than a girl, the sand became a pearl
and now I'm floatin in the sea changing out of a me
to universality become another entity
Ascend, i commend
you, pretendin is no longer true
no end, no start and no attaching glue
do you hear me, are you weary
are you sick of this, of all the trickery
we worry, we hurry, weâ€™re afraid weâ€™re dirty
weâ€™re guilty, weâ€™re scared, look bad, donâ€™t dare
Identities thick as forests before we cut the trees
droppin on our knees needin a savior like jesus,
lust, greed, hate, these are us, we must
breath fate
into existence, we are the mystics
that could fix this, this is it

[Chorus]
Samsara se Moksh, Samsara se Moksh
(From the cyle of life to obtaining enlightenment/becoming one with the ultimate spirit)
What She said
Samsara se Moksh, Samsara se Moksh
Must bring us back from dead
Samsara se Moksh, Samsara se Moksh
Love your enemy as friend
Samsara se Moksh, Samsara se Moksh
Black White Yellow Brown and Red

We are the ones
We must make peace and love
We are the divine

Seek and youâ€™ll find

[Verse 2]
stop thinkin we arenâ€™t saved
we are what we say we are, we define
we could bend time, we could rewind
we could erase, we could evolve
we could replace, and we could solve
all, the issues, starts deep inside
we must confide with our higher mind
and build the muscle of ending the hustle
of focusing on peace
of loving all we see, unconditionally
of seein them in me, of seeing her in he
of being in their head, the separation it could end
the wars could stop the domination rot
fall apart and unknot each stomach
as we plummet into bliss, what do u wish
its time to pick
love your enemy or be their slave
be the change we wanna see or dig our grave
if life's a game, how we gonna play?

[Chorus]
Samsara se Moksh, Samsara se Moksh
(From the cyle of life to obtaining enlightenment/becoming one with the ultimate spirit)
What She said
Samsara se Moksh, Samsara se Moksh
Must bring us back from dead
Samsara se Moksh, Samsara se Moksh
Love your enemy as friend
Samsara se Moksh, Samsara se Moksh
Black White Yellow Brown and Red

We are the ones
We must make peace and love
We are the divine
Seek and youâ€™ll find

[Verse 3]
Aanko se dekh liya hai, jo aur dekthe bhi nahi
(From my eyes I have seen what others can't see)

kaano se sunliya hai, hawaoon ki kahaani

(From my ears, i have heard the winds stories)

Mere gyaan le kar, yeh atmaan kaha jayega
(With the knowledge I have obtained, where will my soul go?)

Kya mere Karma Se, aage bharjayega
(With the good deeds I have done, will it (my soul) go further this time?)

[Chorus]
Samsara se Moksh, Samsara se Moksh
(From the cyle of life to obtaining enlightenment/becoming one with the ultimate spirit)
What She said
Samsara se Moksh, Samsara se Moksh
Must bring us back from dead
Samsara se Moksh, Samsara se Moksh
Love your enemy as friend
Samsara se Moksh, Samsara se Moksh
Black White Yellow Brown and Red

We are the ones
We must make peace and love
We are the divine
Seek and youâ€™ll find
