

# Lost, So Lost

# Hawthorne Heights

I'm lost, so lost, so lost  
I'm falling down  
so far downYou said to take a deep breath  
we count back from ten, ten, ten  
It's the only way that you know how  
to begin, beginBeing to tell me everything,  
please start at the end  
and at the beginning of when  
you first met himI'm lost, so lost  
runaway, runaway  
don't stay for himHe's the reason for this darkness  
you've been living in  
away away from here  
we can't stay another yearSo we're leaving  
on the wings  
of the insincereIt's hard to sing when your lungs  
don't believe a single word you say  
I can hear the voices calling  
tell me to go back to yesterdayThe day you first felt the illness  
an unwillingness to ever change  
I can hear the stories blending  
as the words being to reliveI'm lost, so lost, so lost  
runaway, runaway  
don't stay for himHe's the reason for this darkness  
you've been living in  
away away from here  
we can't stay another yearSo we're leaving  
on the wings  
of the insincereOf the insincereRunaway, runaway  
oh oh oh oh  
Runaway runaway  
oh oh oh oh  
Runaway runaway  
oh oh oh oh  
Runaway runaway  
oh oh oh ohRunaway, runaway  
don't stay for him  
he's the reason for this darkness  
you've been living inAway away x10

away from here  
we can't stay, we can't stay another year  
so we're leaving  
on the wings  
of the insincere  
away away from here
