Underdog

Murmurs

I used to be scared of being myself
Afraid to know what you'd really think
I'd look in your eyes, but I couldn't tell
We hung out all summer
And we'd drink and drink and drink
And drink and drinkYou didn't know that you broke my heart
You didn't want to end
And you didn't want to start
That was the day you took me for a drive
When you dropped me off I cried and cried and cried
And cried and criedTake me down I don't wanna be found
Don't wanna play the part of the underdog
Look around, I'm not like the others
It's a long way up
It'd be easy if I just left town
If I just left townOne year later and I'm sleeping in your bed
You're wrapped around my body and I'm so content
I remember it well when you couldn't care less
But we ended up together
And I guess you know the rest
Yeah, you know the restTake me down I don't wanna be found
Don't wanna play the part of the underdog
Look around, I'm not like the others
It's a long way up
It'd be easy if I just left town
If I just left townI wanna run away from you lately
'Cause I can't face ya when you're like that
When I am around ya, I'm misbehavin'
I'll be your slave if you'd have me backTake me down I don't wanna be found
Don't wanna play the part of the underdog
Look around, I'm not like the others
It's a long way up
It'd be easy if I just left town
If I just left town
If I just left town
If I just left town
