Lucy Dee

Vince Gill

I?ve been sittin? here talkin? at you all night long
Honey you still come off cool
Well you could have walked away instead you?re leadin? me on
Lucy who you tryin? to fool
Yeah, Lucy Dee
You ain?t got to run that line on me
Well it?s plain to see
That you ain?t all that you?re made out to be
Well you can tell all your friends
That you finally met your equal, Lucy Dee
You?ve known all along just what I?m talkin? about
Well you knew someday there?d come a man
Who wouldn?t keep on givin? ?til he finally gave out
Lucy, honey, here I stand
Yeah, Lucy Dee
You ain?t got to run that line on me
Well it?s plain to see
That you ain?t all that you?re made out to be
Well you can tell all your friends
You finally met your equal, Lucy Dee
Well you tell me you?ve known every thrill that there is to know
And nothin? in this life comes free nothin?
Well you tell me you?ve been every way that there is to go
Lucy you ain?t been with me
Yeah, Lucy Dee
You ain?t got to run that line on me
Well it?s plain to see
That you ain?t all that you?re made out to be
Well you can tell all your friends
That you finally met your equal, Lucy Dee
Poor Lucy Dee
