

Turned into You

Jenny Franck

I have angered my thoughts with obsessive words
â€“I just have no remorse for what I have heard
â€“I am not even conscious of anything
â€“I am here in my mind, I mean everything
Drink this cold and the taste will be bittersweet
â€“I am old enough to know I can be beat
â€“You won't hurt if you lie to yourself enough
â€“Those that heard make believe their madly in love
You save the best for youâ€“

What I never knew
â€“Give it all to youâ€“
They left me with you
â€“I can't hear myself
â€“Pushed into you
â€“Turning into blue
â€“Turned Into You

I have laid myself down with compulsive words
â€“I just have no regret for what I have learnedâ€“
Keeps me warm but grows ugly as time goes onâ€“
Saddened hopeful stands stiff still as love goes wrong
You save the best for you

â€“What I never knew
â€“Give it all to youâ€“
They left me with you
â€“I can't hear myselfâ€“
Pushed into you
â€“Turning into blue
â€“Turned Into You
You save the best for youâ€“

What I never knew
â€“Give it all to youâ€“
You left me with you
â€“I can't hear myselfâ€“
Pushed into you
â€“Turning into blue
â€“Turned Into You
Turned Into You
â€“Turned Into You
â€“Turned Into You
