

# Dinosaur Roar

[Justine Clarke](#)

Dinosaur Roar  
There's no Stegosaurus anymore  
But i want to hear a Stegosaurus roar  
I wish they could come alive again  
So I could hear a real Dinosaur roarEverybody Roar  
Like a Dinosaur  
Do the Dinosaur roarIf they brought back a real Triceratops  
People might laugh or call the cops  
But i'd like to see when the laughing stops  
When they hear a real Triceratops roar  
Everybody Roar  
Like a Dinosaur  
Do the Dinosaur roarOne day I'd like to hear a big Tyrannosaurus  
the Pterodactyls they could all join in the chorus  
and roar up high & roar down low  
Roar like a Bear or a Buffalo  
show your teeth & wave your claws  
Everyone can roar, like a Dinosaur  
Roar! Roar! Roar ! Roar!!!So if they bring back the Dinosaurs  
I wanna be there when they do beacuse  
I could ride on mine & you could ride on yours  
And we could hear how real Dinosaurs roar  
Everybody Roar  
Like a Dinosaur  
Do the Dinosaur roar  
ROAR!
