

# Whistles and Bells

## Dixie Chicks

Whistles and bells won't ever bring you love and happiness  
She's never gonna give her heart the way that I would give  
She's got you spinning round in circles, I can tell  
With her lights, buzzers, whistles and bells I see her running round this town in her fancy car  
A girl who can't afford your hopes and dreams  
But darlin' all those pretty toys won't help your broken heart  
When she's through and sends you packin' back to me Whistles and bells won't ever bring you love and  
happiness  
She's never gonna give her heart the way that I would give  
She's got you spinning round in circles, I can tell  
With her lights, buzzers, whistles and bells I cried those lonely tears until the day I realized  
That you were hurting so much more than me  
There are some things in this world that just don't have a price  
Like the love that waits here for you patiently Whistles and bells won't ever bring you love and happiness  
She's never gonna give her heart the way that I would give  
She's got you spinning round in circles, I can tell  
With her lights, buzzers, whistles and bells She's got you spinning round in circles, I can tell  
With her lights, buzzers, whistles and bells
