Family Train

Nico Vega

Get on the Train
Get on the Train
We are your Family, Family...Were waiting at the back of the station.
Bringin' love to the old depot.
Take a ride on the family train
And wave to the man on old dirt road.Stranger, Oh stranger
Get on the train.
Get on the train.
We are your family family.Were stompin' our feet on the asphalt
Ain't no place for a one man show.
Make room for the family train.
Cuz were coming through takin' men on board.Stranger, Oh stranger
If you fall when we march forth,
I will carry you all upon my back.
Fall when we march forth,
I will carry you all upon my back.Get on the train.
Get on the train.
We are your family family.Get on the train.
Get on the train.
We are your family family.Get on the train.
Get on the train.
We are your family family.Get on the train.
Get on the train.
We are your family family.Get on the train.
Get on the train.
We are your family family.Get on the train.
Get on the train.
We are your family family.Get on the train.
Get on the train.
We are your family family.Get on the train.
Get on the train.
We are your family family.Family!
Family!
Family!
