

# Ghost (feat. Rico & Miella)

## Tom Swoon & StadiumX

Ghost if you hear me  
Leave me alone  
I can't take another night of your haunting  
Please go

Love if you hear me  
Leave me alone  
Find some other place to rest your soul

I'm not going anywhere  
I think I'll just stay right here  
I'm not going anywhere  
Until you learn to feel

Until you learn to feel  
Until you learn to feel

Ghost if you hear me  
Leave me alone  
We can live another life  
If you just can let go

Love if you hear me  
Leave me alone  
My heart is the worst place to rest your soul

I'm not going anywhere  
I think I'll just stay right here  
I'm not going anywhere  
Until you learn to feel

I'm not going anywhere  
I think I'll just stay right here  
I'm not going anywhere  
Until you learn to feel
