

Love Me Tomorrow

Tech N9ne

[spoken Tech N9ne]Ya, You might not like some of the things I do, or the things I say, but guarantee you gonna love me tomorrow. For sho.

She love she love me not

But Ill never be all touchy lovey dovey for what he gots

Suddenly kissy huggy what is for me the buddy slot

But they callin on me to put it right in the open it could be an ugly stop

Shes lookin to be caressed on the reg(cha)

Fetchd on the reg(cha)

Sex on the reg

only Techs on the bread

With nothin busting percussion and checks on the head

As she huffin and puffin cause wasn't no Tech on the bed

And she don't like that Tech N9ne persona

Groupies more groupies for true the be juicy like John Belushi

Like the one that do movies

Man ay caramba you google me I'm beyond the boobies and champaignya

Bumbaclot don't shrug me cause I'm the rapper but again you fond of a slacker who's been on your love

Peace and ya honor

Just trusting can calm ya

She stoned

Now I'm home

But she gon love me ma
