## Cobra Starship

You know I try to get close to you  
You don't realize what you're putting me through  
The things I do, yeah, I do 'em for you  
And I don't mean to seem presumptuous But I feel when you're looking at me  
Don't hesitate if you like what you see  
Don't be afraid 'cause I'm setting you free  
Here's my philosophy Be, be my all  
'Cause I'm your money maker  
Be, be my all  
'Cause I'm your money maker You know I see you working the street  
You don't look back and you don't miss a beat  
My heart, it breaks when you get on your knees  
Oh, won't you let me take you home Girl, you know I'ma take care of you  
You say you got my baby, but I know it ain't true  
G A B E is coming for you  
Here's my philosophy Be, be my all  
'Cause I'm your money maker  
Be, be my all  
'Cause, I'm your money maker Be, be my all  
'Cause I'm your money maker
