

# Talk Talk

## The Music Machine

I got me a complication  
And it's an only child  
Concernin' my reputation  
As something more than wild  
I know it serves me right  
But I can't sleep at night  
Have to hide my face  
Or go some other play-ay-ay-ay-ay-ace  
I won't cry out for justice  
Admit that I was wrong  
I'll stay in hibernation  
'Til the talk subsides to gone  
My social life's a dud  
My name is really mud  
I'm up to here in lies  
Guess I'm down to size  
To size  
Can't seem to talk about  
The things that bother me  
Seems to be  
What everybody has  
Against me  
Oh, oh, all right  
Here's the situation  
And how it really stands  
I'm out of circulation  
I've all but washed my hands  
My social life's a dud  
My name is really mud  
I'm up to here in lies  
Guess I'm down to size  
To size
