

Still in Love With You

Jonas Brothers

She was all I ever wanted
She was all I ever needed and more
She walked out my door
Yeah, she went awayLeft my heart in two
Left me standing here
Singing all these blues, oohYou left without a single word
Not even sorry
It might have hurt worse to hear you say
I'm leaving, goodbyeBut your smile still makes my heart sing
Another sad song
I can't forget it, wont regret it
'Cuz I'm still in love with youWe had fun under the sun
And when, we think it's okay she'd be my angel
We were so in love
Then she went awayLeft my heart in two
Left me standing here
Singing all these blues, yeah, yeahYou left without a single word
Not even sorry
It might have hurt worse to hear you say
I'm leaving, goodbyeBut your smile still makes my heart sing
Another sad song
I can't forget it, wont regret it
'Cuz I'm still in love with youI still love you, girl
I don't know what hurts worse, baby?
Seeing you with him
Or being alone, on my ownI know, he doesn't love you, baby
Not like I did, ohh, what's the point?
You're not listening anywayYou left without a single word
Not even sorry
It might have hurt worse to hear you say
I'm leaving, goodbyeBut your smile still makes my heart sing
Another sad song
I can't forget it, wont regret it
'Cuz I'm still in love with youYou left without a single word
Not even sorry
It might have hurt worse to hear you say
I'm leaving, goodbyeBut your smile still makes my heart sing
Another sad song
I can't forget it, wont regret it

'Cuz I'm still in love with you
