

Scared Of Yourself (Peter Luts Remix)

Zornik

You reach for pain
You reach for fear
You reach for everything
But nothing ever comes your way And I'm not lying
You always complain about the way I behave without you And last night I had a dream
About it
And it's very hard to stay faithful
To a dream of you CHORUS:
Think about the lies
That we told to each other
We never bothered
What a big surprise
That your scared of yourself
And alone all again You reach for me
You reach for us
You reach for everything
But nothing ever comes my way But you
You are nothing but a state of mind
From the start until the end CHORUS x 2
