

Stateside

Tin Machine

I'm goin' home, I've been gone much too long
She said she missed me since I've been gone
I'll be back soon, ain't no doubt
'Cause she said she wanted my lovin', my lovin' No holdin' back, I'm goin' home
No holdin' back, I'm goin' home
I'm goin' stateside with my convictions No holdin' back, I'm goin' home
No holdin' back, I'm goin' home
I'm goin' stateside with my convictions I said I'm comin' home soon, I don't know when
It'll be sometimes soon, soon then
I thought I'd be, I thought I'd be
I thought I'd be stateside sooner or later Marilyn inflatables, home on the range
Where the livin' is easy on a horse with no name
Kennedy convertibles, home on the range
Where the sufferin' comes easy on a blond with no brain I'm goin' stateside
I'm goin' stateside I'm goin' home, it's been so long
She said she missed me and all the fun we'd have
I think it be the best way
She said she missed me every, every way No holdin' back, I'm goin' home
No holdin' back, I'm goin' home
I'm goin' stateside with my convictions No holdin' back, I'm goin' home
No holdin' back, I'm goin' home
I'm goin' stateside with my convictions I've been gone so long
I've been gone, I've been gone
I'm missin' you Marilyn inflatables, home on the range
Where the livin' is easy on a horse with no name
Kennedy convertibles, home on the range
Where the sufferin' comes easy on a ten dollar raise I'm goin' stateside
I'm goin' stateside
