Clint Crisher

Dr Grip is goin on a trip
That involves a little slipity slip
Well I need a scription for some friction
Paging... Paging, Dr. Grip
There's a meetin in the waiting room
Dr. Grip, he's a comin soon
He's got the right medicine for meSo, love yourself
Explore yourself
When I think about me
I funk myself
Love yourself explore yourself
When I think about me
I funk myselfBackground vocals:
Please stand by... I'm workin out a detail!Ya gotta mix it up, ya gotta fantasize
