Lullaby

Book Of Love

Sometimes I watch you while you sleep
I know you're somewhere in a dream
And I'll cradle you in my arms tonight
'Cause I know your soul is somewhere up aboveLullaby and goodnight
On this starry, this starry night
Sleep tight, tonightNow I lay me down to sleep
I pray that my soul will keep
'Cause I know that you are somewhere else tonight
And I hope I'll see you somewhere up aboveOh, we can sleep all of our worries away
'Cause tomorrow, today will be yesterdayLullaby and goodnight
On this starry, this starry night
Sleep tight, tonightSleep tight, tonight, sleep tight, tonight
Sleep tight, tonight, sleep tight, tonight
Sleep tight, tonight, sleep tight, tonight
