Mokhsha

Butterfingers

If I'm confuse just lead the way
Over used and exploid the sin
Overboard and what you have
Run towards our fancy roomLet it rise just once again
You and I are a part of the last
And from now until the end
Is the time I'm gone and...Through the darkness have you seen it all ?
In the other world you could be a star
The bleeding ears are never over yetEvery fingers scab have you seen it all
How the awkwards live when you could be a star
Bleeding ears are never over yet...Lied and confused to a state of one
Kind of an ilusion comes the time
And from now, tell me why
Everything has ever changeThrough the darkness have you seen it all ?
In the other world you could be a star
The bleeding ears are never over yetEvery fingers scab have you seen it all
How the awkwards live when you could be a star
Bleeding ears are never over yet...For somebody (8X)
SomebodyFor somebody
