

Ride to Live, Live to Ride

Twisted Sister

Hard roads and endless lines
Flow through his veins
Cold steel and hot fuel injected
'S the dream that fills his brain But no, not slow
The speed fever grows
He rides, he sees, he knows You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to ride Life's short and goes too fast
Most pages burn
Don't wait, the end's too near
Some people never learn
You all won't fall
The road fever calls
So run or fly, don't crawl You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to ride Ride on and don't look back
You can't change what's done
Drive hard for greater glories
You all must be someone So win, don't show
Let the life fever go
The world is yours you know You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to ride
