Let Me Love You

Dru

Chorus
Baby, baby, baby, baby,
I want to hold and squeeze you tight
Baby, baby, baby, baby,
Won't you come and be mine tonight
Oh my love Oh my love
Let me love youV1
The very first time I saw you babe, you filled my heart and made me feel so alive
Never had I really felt this way before
As you sat down near me talking, baby I was so lost in your lovely eyes
Your beautiful smile, took my breath away
All I want is to hold you real tight
And feel your heartbeat next to mine
Chorus
Baby, baby, baby, baby,
I want to hold and squeeze you tight
Baby, baby, baby, baby,
Won't you come and be mine tonight
Oh my love Oh my love
Let me love youV2.
The very first time I kissed your lips, it felt so good and made my heaven so bright
Never had I wanted this to ever end
As I lay down holding you in my arms all I could see was your lovely smile
Your beautiful eyes took my breath away
Chorus
Baby, baby, baby, baby,
I want to hold and make you mine
Baby, baby, baby, baby,
Come on and let me love you tonight
Oh my love Oh my love
Let me love you------Lead Break-----Chorus
Baby, baby, baby, baby,
I want to hold and love you all night
Baby, baby, baby, baby,
Baby, come on and be mine tonight
Oh my love Oh my love
Let me love you------End------
