

She Ain't Me

Keri Hilson

She ain't me (ayy) [x4]

[Verse 1:]If shes a clue I'm an answer

If shes a cat I'm a panther

Quit playin' games with beginners

Cause she ain't even in my leauge

I'm qualified for a position

And baby girls still on a mission

She need to get up out the kitchen

Cause she can't even sit in my heat

[Pre-Chorus:]Woah

If you ain't on me like that what chu lookin at me, fooor

Lickin ya lips like I'm the sh! t you know you need, booor

Before you swing my way you better be, suuuuure

You gotta come with it, cause boy I don't play around

[Chorus:]She ain't me

I ain't even gotta say it now

She ain't me

I'm a let you figure out

She ain't me

Bet you you'll forget about her

She ain't me

She ain't even in my league

She ain't me

Let me put this song in mind

She ain't me

Boy you need a ride or die

She ain't me

Don't make no mistake about it

She ain't me

She ain't me

[Verse 2:]Ay She might be down but your clueless

She got you walkin lookin foolish

You in the car but you ain't movin

Cause she ain't even up to my speed

And you know

It's a fact, there's no chick on the map messin with this one

And you know

It's a wrap, close it up, put a fork in her cause shes done

[Pre-Chorus:]Woah

If you ain't on me like that what chu lookin at me, fooor
Lickin ya lips like I'm the sh! t you know you need, booy
Before you swing my way you better be, suuuure
You betta come with it, cause boy I don't play around

[Chorus:]She ain't me

I ain't even gotta say it now

She ain't me

I'm a let you figure out

She ain't me

Bet you you'll forget about her

She ain't me

She ain't even in my league

She ain't me

Let me put this song in mind

She ain't me

Boy you need a ride or die

She ain't me

Don't make no mistake about it

She ain't me

She ain't me [x2]
