

# Stuttering

## Fefe Dobson

Theres a whole lot of things that i will forgive but i just cant take a liar  
i was by his side till the very end till you pushed me in the fire  
i tried to believe you but something is wrong

you wont look in my eyes tell me whats goin on  
its you and me against the world thats what you said thats what you said  
if you cant be honest with me then im afraid this is the end

(chorus)

hurry up hurry up if you ever forget about me  
tell the truth give it up your still guilty  
cuz your stutterin

oh-o-o-oh-oh-e-e-eh-eh-ehh-o-o-o-oh-ohh  
yeah your stutterin (x 4)

seconds turn into minutes now  
but you wont give me an answer  
you can tell me this you can tell me that but dont say you dont remember  
cuz i know you better then you know yourself  
so dont say im crazy i know very well  
its you and me against the world thats what you said thats what you said  
if you cant be honest with me then im afraid this is the end

(chorus)

hurry up hurry up if you ever forget about me  
tell the truth give it up your still guilty  
cuz your stutterin

oh-o-o-oh-oh-e-e-eh-eh-ehh-o-o-o-oh-ohh  
yeah your stutterin (x 4)

I-i-i-do-dont-wanna here you so-orry-now the-e-e best thing you can do for me is just spit it out  
I-i-i-do-dont-wanna here you so-orry-now sto-stop stutterin your words  
its only making you look worse

(chorus)

hurry up hurry up if you ever forget about me  
tell the truth give it up your still guilty

cuz your stutterin

yeah your stutterin (x 4)
