Madness

Marlango

Madness is my name
Madness is the game
I will play with youMadness is the kiss I'll give to you
Wrapped in silver night
And you will never be the sameMadness is the maze I will build for you
Till you loose my trace
Madness is the word you will try to tieTill you lose yourself
And you will never be the same
You'll also be insaneAnd you will never be the same
And you will also be insane
No use, confuse, what is the useNo use, confuse, what is the use
If nothing will be the same againYou will never be the same
You will also be insane
