

Dominator

Kanno Yuugo

I am the dominator leader of the pack
Two tons of steel that's hanging from my sack
I take the cake and then I take it back and attack
 Yeah because you lack, Jack
I am the dominator moving right along
Don't really give a fuck about the right or wrong
 You only copy right, I write the song
 It's a world full of jealousy and hate

That's why some die and all the others turn out late
 But I eviscerate those who hesitate
Second rate they masturbate while I run the master race
 I am the dominator got to be the best
 I've got an "S" tattooed upon my chest
 You can not touch me I'm Elliot Ness
 Oh yes you must confess this
 I am the dominator
