# I Do

## Bruce Frye

I Do - Bruce Frye

Do I believe in miracles, I do
The Lord has blessed my life with you
By His Grace weâ€™ve both been saved
This is a union God has made
Do I believe in miracles , I do

Do I love you with all my heart , I do
I never want to be apart from you
And on this day I promise
To be faithful and true
Do I love you with all my heart , I do

This is Gods will for me and for you
Our Lord and Savior Jesus Christ will see us through
We stand here in His presence
United by His truth
We bow before a holy God
I do

Do I know God is in control , I do
He designed this long before we knew
A small part of his master plan
Weâ€™re guided by His loving hand
Do I know God is in control, I do

Lord give me wisdom
To learn to love as much
As Christ also loved the church

Do I believe in miracles, I do
Today we start our life brand new
With Christ the center of our lives
Changing me and you
Do I believe in miracles, I do

This is Gods will for me and for you
Our Lord and Savior Jesus Christ will see us through
We stand here in His presence

Surrendered to His truth
We bow before a holy God
I do

Do I believe in miracles, I do
