I Do - Bruce Frye

Do I believe in miracles, I do  
The Lord has blessed my life with you  
By His Grace weâ€™ve both been saved  
This is a union God has made  
Do I believe in miracles , I do

Do I love you with all my heart , I do  
I never want to be apart from you  
And on this day I promise  
To be faithful and true  
Do I love you with all my heart , I do

This is Gods will for me and for you  
Our Lord and Savior Jesus Christ will see us through  
We stand here in His presence  
United by His truth  
We bow before a holy God  
I do

Do I know God is in control , I do  
He designed this long before we knew  
A small part of his master plan  
Weâ€™re guided by His loving hand  
Do I know God is in control, I do

Lord give me wisdom  
To learn to love as much  
As Christ also loved the church

Do I believe in miracles, I do  
Today we start our life brand new  
With Christ the center of our lives  
Changing me and you  
Do I believe in miracles, I do

This is Gods will for me and for you  
Our Lord and Savior Jesus Christ will see us through  
We stand here in His presence

Surrendered to His truth  
We bow before a holy God  
I do

Do I believe in miracles, I do
