

# Wanted Dead or Alive

Warren Zevon

I am wanted dead or alive  
I'm wanted everywhere, I've got to survive  
They say I am a violent man  
Only trying to do the best I can, dig it I am wanted dead or alive  
Fifteen states I've got to survive  
I am wanted dead or alive  
I'm a new kind of man, I've got to survive Running a long way I am wanted dead or alive  
I'm wanted everywhere, I've got to survive  
Now all I'm trying to do is find a peaceful place  
But they say I have an outlaw face
