

Kiss of the City

Allure of Souls

The body in heat
The pounding of the street
From a dream to the neon
Again we will meet

I believe in the power of devotion
I believe in the hunger of the soul
Baptized in the fire of the spirit
You and I have been in love before

Yeah, yeah, yeah, yeah
Kiss of the city
Yeah, yeah, yeah, yeah
No sorrow, no pity
You come to me this time
In this kiss of the city

I believe in the serpent and the rainbow
I believe in life after death
You are the dream I always remember
You are the lover I can never forget

Yeah, yeah, yeah, yeah
Kiss of the city
Yeah, yeah, yeah, yeah
No sorrow, no pity
You come to me this time
In this kiss of the city

Since the time of the sacrifice I chose you
Pulled by the magnet in your eyes how much I want you

Yeah, yeah, yeah, yeah
Kiss of the city
Yeah, yeah, yeah, yeah
No sorrow, no pity
You come to me this time
In this kiss of the

Yeah, yeah, yeah, yeah

Kiss of the city
Yeah, yeah, yeah, yeah
No sorrow, no pity
You come to me this time
In this kiss of the
In the kiss of the city

Yeah, yeah, yeah, yeah
Kiss of the city
Yeah, yeah, yeah
Yeah, yeah yeah, yeah,

Yeah, yeah, yeah, yeah
Kiss of the city
Yeah, yeah, yeah, yeah
Kiss of the city

Yeah, yeah, yeah, yeah
Kiss of the city
Yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Kiss of the city
