My Wicked Heart

Diana Vickers

Hush, hush, secret
Your secret's safe with me
Hush, hush, keep it
Under lock and key
I'll lead, you follow
'Cause I'll shiver
When you brush my lips
Stand, deliver
You were made for this
I know I should go
Oh, my wicked heart
Beats out of time for you
God knows I see stars
It's meant to feel this good
Whoops, 'cause I've got that feeling
Oh my, here I come again
Whoops, coming in for keeping
Oh my, here I come, get ready
Big gun, small drum
The beating of my chest
Slow touch, fast tongue
I seem a gem so wet
And your skin beats
Oh, my wicked heart
Beats out of time for you
God knows I see stars
It's meant to feel this good
Whoops, 'cause I've got that feeling
Oh my, here I come again
Whoops, coming in for keeping
Oh my, here I come, get ready
Look at you with me, honey bee
Whoopsy daisy
Look at you with me, honey bee
Whoopsy daisy
Oh, my wicked heart
Beats out of time for you
God knows I see stars
It's meant to feel this good

Whoops, 'cause I've got that feeling
Oh my, here I come again
Whoops, coming in for keeping
Oh my, here I come, get ready
Oh, my wicked heart
Beats out of time for you
God knows I see stars
It's meant to feel this good
Whoops, 'cause I've got that feeling
Oh my, here I come again
Whoops, coming in for keeping
Oh my, here I come, get ready
